THE NEED:

Food insecurity is the state of being unable to consistently access nutritious and adequate amounts of food necessary for an active and healthy life. The households we serve experience limited or uncertain access to food, at times unsure of where they will find their next meal.

Per Feeding America's Map the Meal Gap report:

- In the 34 counties served by the Food Bank of Central & Eastern North Carolina, 629,410 individuals live in food insecure households.
- 194,330 are children
- Additionally, per the North Carolina Department of Health and Human Services, 48,073 seniors (65 and older) live at or below the poverty level.

TRUCKS

- The Food Bank of Central & Eastern North Carolina has a fleet of 22 trucks.
- Our service area covers almost 19,000 square miles.
- The entire fleet of trucks makes routine deliveries to over 40 agencies in rural locations that don't have the resources to come to a branch once or twice a week to pick up food. Deliveries are a critical service the Food Bank offers to agencies and without them many agencies would not be able provide nutritious, perishable food to those suffering from hunger in their communities.
